

The Canadian Churches Forum announces

Deepening Understanding for Intercultural Ministry

6 days focused on faith, heart, mind, and skills for the art of intercultural ministry

This program is for Christian ministry leaders who seek to nurture vibrant faith communities shaped by cultural relevance, understanding and awareness.

Rooted in a theological appreciation of diversity and a justice orientation focused on mutuality and respect, this holistic 6-day program offers an opportunity to:

- Gain a greater understanding of your own culture and your abilities in culturally diverse settings.
- Engage in a faith based approach to theories of culture and healthy relationships across cultural difference.
- Practice and apply learning to your ministry responsibilities, including pastoral care, worship leadership, education, nurturing faith communities and ministry in the wider community.

This will be an interactive, engaging program with practical ideas for implementation in your own context.

Designed and led by a diverse team of trained facilitators with experience in intercultural ministry. This program draws on the Forum's 90 years of ecumenical, collaborative experience preparing individuals for ministry and life in intercultural settings.
